#### 6. Accidental Release Measures

Personal Precautions : Avoid contact with eyes.

Do not rub eyes with hands during cleanup.

No special precautions for dermal contact are needed. Wash hands thoroughly after cleaning up spill or leak.

Land Spill : Use proper protection (gloves, masks, aprons, goggles, etc.)

If Collect spills in a sealing container and remove to safe place.

Dispose of waste according to legal instructions.

Promptly remove ignitable, hot, or flammable items.

Prepare proper fire extinguishers for accidental ignition.

Use plastic or other equipment to prevent sparks during recovery

operation.

Water Spill : Avoid discharge to rivers and environmental effects.

#### 7. Handling And Storage

Handling : Use proper protection (gloves, masks, aprons, goggles, etc.)

Handle in well-ventilated area.

Prohibit use of fire, sparks or heat source.

Ground equipment against electrostatics and use explosion-proof

electric equipment. Use spark-proof tools.

Keep used cloths, waste paints or spray dusts in water until disposal. Use local exhaust system and proper protection if working in closed

area.

Storage : Keep from sunlight and store in well-ventilated area.

Keep from flame or heat source.

Occupational Exposure Controls

Engineering Controls : Use explosion-proof handling equipment.

Use exhaust system to prevent vapor build-up

Ground transporting, scooping, agitating or other liquid handling

equipment.

Keep heat or fire sources from handling area.

If working indoors, use automatic coating machine or other proper equipment to protect workers from direct exposure or use local

exhaust system to protect workers from exposure.

**Personal Protection** 

Respiratory : Wear gas masks for organic gases.

Protection Wear ventilation masks when working in closed area.

An air purifying respirator with organic vapor cartridge or canister may be permissible under certain circumstances where air-borne

concentrations are expected to exceed exposure limits.

Protection provided by air purifying respirators is limited.

Hand Protection : Wear gloves that resist organic solvents and chemicals.

Eye Protection : Wear coverall, chemical goggles and face shield when handling.

Skin Protection : To prevent any contact, wear impervious clothing such as gloves,

apron, boots,

or whole body suits made from neoprene, as appropriate.
